Pretzels have an interesting history!

Around the year 610, a monk decided to make a treat for the children who had learned to recite their prayers. Christians in those days prayed by folding their hands across their chests with each hand touching the opposite shoulder. This clever monk formed the dough so that it would look like hands folded in prayer. He gave his creation the name pretiola, which in Latin means "little reward."

The simple shape of the pretzel, arms folded in prayer, reminds us to pray each day!
